- Basic working knowledge of Microsoft Project.

EDUCATION

Technical Diploma in Architectural Technology **September 2020 – April 2022**
NAIT
Edmonton, AB
Final Year GPA – 3.9

Bachelor of Science in Engineering **September 2015 – April 2019**
Civil and Environmental Engineering
University of Alberta
Edmonton, AB
Final Year GPA – 3.2

EMPLOYMENT HISTORY

Junior Building Science Consultant **December 2022 – March 2023**
Morrison Hershfield
Edmonton, AB

- Performed site visits with project manager and identified potential issues on site
- Observed and assisted with building envelope assessments on different sites
- Organized action items from site visits using site visit data entry system
- Drafted site instructions and details under project manager's supervision in AutoCAD
- Created drawing packages including floor plans and elevations from site measurements using AutoCAD software
- Assisted with water, smoke, and air site tests for building envelope enclosure assessment

Building Science Assistant **May 2022 – November 2022**
Morrison Hershfield
Edmonton, AB

- Performed site visits with project manager and identified potential issues on site
- Observed and assisted with building envelope assessments on different sites
- Organized action items from site visits using site visit data entry system
- Drafted site instructions and details under project manager's supervision in AutoCAD
- Assisted with water, smoke, and air site tests for building envelope enclosure assessment

NAIT Mentorship Program Intern **February 14 - 18, 2022**
Morrison Hershfield
Edmonton, AB

- Performed site visits with project manager and identified potential issues on site
- Observed and assisted with building envelope assessments on different sites
- Organized action items from site visits using site visit data entry system
- Drafted site instructions and details under project manager's supervision in AutoCAD
- Assisted with AMMA water site test for building envelope enclosure assessment
- Participated in internal continuing education (Seller Doer Training – Call Pads)

Deputy Returning Officer **October 18, 2021**
Edmonton Elections
Edmonton, AB

- Set up desks and chairs in polling station before opening time
- Greeted and directed line of voters entering the polling station
- Verified voter's address and assigned polling station for voting
- Verified voter's ID and eligibility for voting in the election

Keen Builders
Edmonton, AB

- Prepared documents related to bids & projects such as change orders, purchase orders, proposals, etc.
- Requested and collected quotes from various subcontractors for areas such as electrical, mechanical, HVAC, paint, insulation, etc.
- Coordinated between on-site company staff and subcontractors and arranged site meetings.
- Conducted client interviews over phone for potential bids/projects.
- Provided daily updates to clients via email regarding project progress and remaining items of work.
- Applied for development, building & occupancy permits with the City of Edmonton & RMWB for projects as was required.

Research Assistant to Graduate Student **May 2017 – June 2017**
University of Alberta
Edmonton, AB

- Tested different backfilling materials for fiber optic deployment in road pavement using micro-trenching method.
- Completed literature review and laboratory investigation on backfilling materials under freeze/thaw conditions.
- Sieved gravel samples into different grain sizes and weighed them out in preparation of creating asphalt samples.
- Calculated optimal bitumen content and prepared asphalt for compaction.
- Created a specimen consisting of compacted base and asphalt layers and a micro-trench to simulate micro-trenching in road pavement for further laboratory analysis.
- Assisted with asphalt laboratory testing procedures, compaction and wheel tracker tests.

TECHNICAL & COMPUTER SKILLS

- Experience using AutoCAD software to plan and design blueprints for different civil structures.
- Intermediate working knowledge and experience with Revit and SketchUp softwares.
- Proficient in AutoCAD and Microsoft Office (Word, Excel, PowerPoint, Project)

AWARDS & SCHOLARSHIPS

- Jason Lang Scholarship (NAIT Architectural Technology – Semester 1)
- Faculty of Engineering Academic Excellence Scholarship
- The Canadian Association of Petroleum Producers
  Academic Excellence Scholarship in Engineering
- Alexander Rutherford Scholarship (Gr. 10 – 12)

COMMUNITY INVOLVEMENT

- "Meals that Mend" Program Volunteer — May and July 2016, Dec. 2017, July 2019
- Assistant to Edmonton MAC Administrator — June 2019
- "Eid at Galaxyland" Event Volunteer — June 2018
- MAC Convention Volunteer — May 2012
